WORK EXPERIENCE

Elementary Science Teacher

Bloomington Learning Center

2022 - current / Bloomington, IN

- Organized lesson materials for 33 students with Google Classroom, streamlining assignment submissions
- Integrated Labster into the curriculum, creating 7 virtual lab scenarios/semester to enhance science understanding
- Developed and delivered 18 interactive lessons using PhET Interactive Simulations to visualize complex concepts
- Created and **shared 26 science-based Kahoot! quizzes** for formative assessments, driving continuous improvement in lesson delivery

Junior Science Educator

Mathnasium of Bloomington

2019 - 2022 / Bloomington, IN

- Utilized Edmodo to facilitate assignment tracking, grading, and communication with 19 parents
- Harnessed Nearpod to deliver multimedia presentations, enhancing the learning environment in 8 weekly lessons
- Used SMART Notebook to design 12 science activities, optimizing lesson engagement through whiteboard tools
- **Conducted 4 data collection exercises** with Biopac Student Lab, generating reports to refine lab-based lesson plans

Tutor

The Tutoring Center

2017 - 2019 / Bloomington, IN

- Oversaw lesson plans and assignments on Seesaw for 17 clients, smoothing coordination and progress tracking
- **Engineered 11 Gizmos simulations** to enhance learning experiences and comprehension for specific science topics
- Implemented SMART Notebook for interactive science demonstrations in nine sessions
- Made quizzes and educational content using Kahoot! for interactive review sessions, increasing engagement in each 1-hour tutoring session
