

Abigail Hall

STRENGTHS

Problem Solving

Expert in solving complex problems. Successfully implemented a central state management system reducing system bugs by 40%.

Adaptable

Proven ability to acclimatize to new technologies and teams, as evidenced by my transition from a web developer role to a front-end developer.

Detail-Oriented

High attention to detail. My optimizations of webpages for speed boosted site performance by 20%.

SKILLS

React.js/Redux - MobX - Saga - Thunk -

HTML5 - CSS3 - JavaScript - Git -

API development - Agile Methodology

CERTIFICATION

Advanced React and Redux Certification

This course provided by Udemy updated and deepened my understanding of React and Redux.

JavaScript Algorithms and Data Structures Certification

A detailed course from freeCodeCamp that polished my JavaScript skills.

PASSIONS

Technology and Programming

I always reserve some time to read up on the latest trends in the tech world.

Adventure Sports

Keen interest in adrenaline-pumping activities such as bungee jumping and river rafting.

Front End Developer | React Specialist

 help@enhancv.com  [linkedin.com](#)  Washington, D.C.

SUMMARY

Experienced Front End Developer with over 3 years of professional experience, specializing in React.js/Redux. Proven track record of building and optimizing web applications for the enterprise platform. Proven ability to integrate seamlessly into diverse teams.

EXPERIENCE

Front End Developer

2018 - 2021

MicroStrategy

Washington, D.C.

Designed and implemented web applications using React

- Integrated modern UI/UX designs into enterprise web applications, increasing user engagement level by 15%.
- Collaborated with back-end developers to ensure seamless integration resulting in a 20% increase in overall system performance.
- Implemented React.js workflows reducing manual entry tasks by 30%.
