CAREER OBJECTIVE

An aspiring audio engineer with a strong academic foundation eager to leverage my technical skills, creativity, and dedication to contribute to AMETEK's innovative audio solutions while gaining valuable industry experience.

WORK EXPERIENCE

Recording Studio Intern

Peachfork Studios

2022 - 2023 / Athens, OH

- Created custom audio presets using Waves Plugins, resulting in a 12% improvement in sound quality and client satisfaction.
- Designed and implemented a studio website to showcase the studio's portfolio, resulting in a 22% increase in online bookings.
- Assisted in the setup and operation of a live-streaming service, increasing the studio's reach and **generating an additional \$7,189 in revenue.**
- Maintained and calibrated audio equipment, resulting in an improvement in equipment reliability and performance.

PROJECTS

Music Technology

Seminar Attendee

2022

- Attended over 10 workshops on music technology innovations, gaining insights into the latest trends and advancements in music production.
- Implemented techniques learned in seminars to improve school-based music production quality, resulting in an increase in overall sound quality.
- Completed a comprehensive training program on the Yamaha CL series mixing consoles, **achieving a certification level of Advanced Operator.**
- Demonstrated advanced proficiency in Native Instruments Complete in a coursework audio production project, resulting in enhanced soundscapes.

Exploring Music

Project Research Team Member & Presenter

2021

- Conducted critical analysis of various music production techniques and styles, **producing 3 research papers on the subject matter.**
- Recorded 6 live instruments and vocals using a Shure SM57 microphone, showcasing expertise in microphone selection and placement.
- Successfully completed 12 hours of hands-on training and coursework in Ableton Live, developing advanced skills in DAW operation.
- Delivered a final project that received 91% positive feedback from instructor.
