STRENGTHS

Detail Oriented

Ability to pay strong attention to detail and deliver high-quality, efficient and visually appealing applications, while meeting the project requirements.

Team Player

Proven ability to work and collaborate effectively with cross-functional and diverse teams in a fast-paced environment.

Problem Solving

Expert at diagnosing bugs, resolving complex technical issues, and troubleshooting applications for optimal performance.

SKILLS

JavaScript

TypeScript

React Native Development

Redux

Swift/Objective-C

Java/Kotlin

REST APIs

GraphQL

Automated Testing (Jest and Enzyme)

Agile Methodology

Git Version Control

CERTIFICATION

JavaScript Advanced Programming

Course provided by Codecademy focusing on ES6+ syntax and advanced JavaScript programming concepts.

Master React Native and Redux

In-depth Udemy course covering the nuances of React Native and Redux library.

PASSIONS

Continuous Learning

Committed to ongoing professional development and staying abreast of the latest industry trends and technologies.

Digital Art

Passionate about digital art which translates into designing visually appealing and user-friendly applications.
